Publications
ICS Contributions

CRIPPEN, ROBERT E.

"Image Display of Four Components of Spectral Data." Accepted in Remote Sensing of Environment. In press. (ICS contribution #0061-01IP)

CROWELL, JOHN C.

"The Ending of the Late Paleozoic Ice Age During Permian Period." Submitted to Permian of Northern Hemisphere, P. A. Scholle, ed., Springer Verlag, publisher. (ICS contribution #0067-02UA)

GOODMAN, EMERY

"Evolution of the southernmost San Joaquin Basin and mid-Tertiary "transitional" tectonics, Central California." Tectonics. In revision (with Malin, Peter E.). (ICS contribution #0059-27TC)

KIMBROUGH, DAVID L.

KRAMER, JOHN

LEIPNIK, MARK R.

"The Use of GIS in the Study of Water Resources." In ASCE Division of Water Resources Planning and Management: proceedings of 18th Annual National Water Resources Conference of Water Resources Planning and Management Division of the American Society of Civil Engineers in New

LOAICIGA, HUGO

LUYENDYK, BRUCE P.

MORRIS, REBECCA

"Tertiary Basin Structure Revealed in Seismic Reflection Profiles From Milpitas Wash, Southeastern California". [ICS contribution #0068-18CS]

NISBET, ROBERT

"Application of geographic information systems technology to analyze natural resources and ground water flow near Class 1 hazardous waste disposal site." Ground Water Monitoring Review. In press (with Everett, Lorne G., and Botkin, Daniel). [ICS contribution #0058-13HW]

RICHARD, STEPHEN M.

"Palinspatic Reconstruction of Southeastern California for the Middle Miocene." Submitted to Tectonics. (ICS contribution #0070-28TC)

RODGERS, PETER W.

"Frequency Limits for Electromagnetic and Feedback Seismometers Determined from Signal-to-Noise Ratios". Submitted to Bulletin Seismological Society of America. (ICS contribution #0069-08EQ)

SIBSON, RICHARD H.

SPERA, FRANK J.

SPRINGER, DAVID

STEIDL, JAMISON

"Rupture History of the 1989 Loma Prieta, California, Earthquake." Bulletin of the Seismological Society of America (with Hartzell, Stephen and Archuleta, Ralph J.). In press. (ICS contribution #0074-09EQ)
